

Pre-launch: Pool of ICT researchers

Hilde Erlandsen, Director, Department for Enabling Technologies

Norway needs more digital winners

Teknisk Ukeblad, Oct 19th

Christine Korme (Abelia), Hilde Erlandsen (RCN)

"We need to connect industry and leading researchers"

Ekornes er et eksempel på en bedrift som har kommet langt mot fullautomatisert produksjon. (Bilde: Ekornes)

KOMMENTAR: DIGITALISERING

«Etablerte virksomheter utfordres av aktører som inntar markedet med en helt ny innfallsvinkel»

– Norsk næringsliv taper for ofte kampen mot de nye digitale vinnerne. Resepten er å koble næringsliv med ledende forskere, skriver Christine Korme og Hilde Erlandsen i denne kommentaren.

Connecting industry and ICT researchers

The Research Council's ambition:

- For industry: enable access to researchers that is easy and free of charge
- For researchers: enable access to industry partners that is easy and free of charge

The pool of ICT researchers:

- Companies with a SkatteFUNN project can apply, starting February 1st 2017
- The Research Council covers charges for both companies and researchers

Qualifying to be a SkatteFUNN company

You may:

- Apply for a SkatteFUNN project before January 8th 2017
- Mention your interest in the pool of researchers
- Qualification → apply for assistance from the pool of researchers by February 1st 2017
